

## **ABES Engineering College, Ghaziabad**

### **Policy for Patent**

**Objective:** To financially support the members of ABESEC to file, publish and grant patents.

1. For getting financial support from ABESEC for patent filing, the first applicant must be ABES Engineering College Ghaziabad, U.P. India.
2. Before processing patent through empaneled Attorney (Agent), the patent title and abstract should be shared with Central Research Committee (CRC). CRC will circulate the proposed title and abstract among all faculty members of ABESEC to avoid any conflict on work authorization/authentication of the inventor. No issue regarding any conflict on patent validity will be entertained after 3 days of sending of said mail.
3. The DRC head will endorse the title for further processing and novelty of the patent.
4. The filing charges reimbursement approval application will go to the director only after the approval of CRC head.
5. If the patent is granted and lead to commercialization then 60:40 % right will be shared in between ABESEC (Applicant) and inventor, respectively.
6. If any faculty member applies as an individual applicant then the above policy will not be applicable and the whole filing charges will be borne by the faculty member.
7. Other charges, which are not covered in above points, like examination fee, response on first examination report (FER) charges etc. will be borne by institution.
8. The internal publish patent ideas will be forwarded to patent attorney through the office of Associate Dean Research.

#### **Amendments:-**

- Patent publication fee contribution per faculty = Rs 1000/- (as per the previous policy).
- Patent grant/examination fee contribution per faculty = Additional Rs 2000/-

\* Total fee contribution per faculty:

1000/- (publication) + 2000/- (examination /grant), Total = 3000/-
